Professional Summary

Front-End Developer with 3+ years of hands-on experience in learning and building responsive web interfaces using HTML, CSS, JavaScript, and modern frameworks like Bootstrap and Tailwind CSS. Started programming in 2021 and have since developed a strong passion for clean design, performance optimization, and solving front-end challenges. Proficient in translating Figma designs into functional websites. Actively seeking remote freelance opportunities to deliver high-quality, user-focused digital experiences.

Technical Skills

Languages: HTML, CSS, JavaScript

Frameworks & Libraries: Bootstrap, Tailwind CSS

Design & Prototyping: Figma

Version Control: Git, GitHub

Soft Skills: Communication, Problem Solving, Time Management

Experience

Freelance Front-End Developer

Remote | 2023 - Present

- Developed modern, responsive websites for small businesses and personal brands.

- Collaborated with clients remotely to deliver visually appealing and functional web experiences.

- Integrated Figma designs into production-ready HTML/CSS/JS codebases.

- Ensured performance optimization and mobile-first design principles.

Self-Learning Journey

2021 - 2022

- Started learning programming independently through online courses and personal projects.

- Built foundational knowledge in HTML, CSS, and JavaScript.

- Explored UI design using Figma and practiced building UI clones.

Education

B.Sc. in Information Systems

University of Omdurman Islamic University - Sudan

Expected Graduation: 2026

Projects

Personal Portfolio Website - https://27waab.github.io/my_portfolio/

- Built a portfolio to showcase web projects, resume, and contact form using Tailwind CSS and JavaScript.

Sadeed- https://27waab.github.io/Sadeed/

- Converted a Figma design into a fully responsive landing page using modern front-end tools.
